

Updated November 2009

APPROVED PROGRAMS OF INITIAL TEACHER EDUCATION IN NSW AND ACT

For the information of Teacher Education Institutions, teacher employers and Teacher Accreditation Authorities

All NSW teacher education institutions are required to submit initial teacher education programs to the Institute for approval before commencement.

The policy and procedures for program approval are described in the *Policy and Procedures for Approval of Initial Teacher Education Programs*. Programs are assessed by the Institute's Initial Teacher Education Committee in relation to meeting the *Professional Teaching Standards - Graduate Teacher Key Stage* and *Supplementary Documentation* requirements.

Initial teacher education programs assessed as meeting these requirements are recommended by the Initial Teacher Education Committee for Ministerial approval. Graduates of approved programs are eligible for provisional accreditation to teach in NSW government and non-government schools. This presumes compliance by the TEI with the terms of the approval. Upon application a *Statement of Eligibility for Accreditation to Teach* will be provided by the Institute for all graduates who are intending to teach in NSW schools.

In 2007, a large number of existing initial teacher education programs was approved by the Minister under transition arrangements. A schedule was established for the assessment of these programs from 2008 - 2010. A significant condition of these transition arrangements was the requirement that existing students need to complete their program of study within ONE year of the minimum full-time length of the program OR transfer to a program that has been approved through the Institute's assessment and approval process. Programs covered by the transition arrangements 2008-2010 schedule (p.8) are marked with a 'TA'.

In February 2009, the Minister approved some other programs for one year under a transition arrangement with certain conditions, in order to facilitate the finalisation of the assessment and approval of the programs. Programs with a one year approval with conditions are marked with an asterisk (*).

The following list of approved programs:

- i. is regularly updated with new Ministerial approvals;
- ii. provides a date until which time a particular program is approved - until 31 December of the year stated;
- iii. acknowledges that students enrolled in that program on or before that date, upon successful completion of it and providing all requirements of the approval are met, will be eligible to teach in NSW schools as provisionally accredited new scheme teachers; and
- iv. identifies the timeframe for the review and submission of programs for approval.

At the end of the document is a list of historical programs approved under transition arrangements. The programs are no longer accepting new enrolments however a student may be progressing through a program.

APPROVED PROGRAMS OF INITIAL TEACHER EDUCATION FROM TEACHER EDUCATION INSTITUTIONS IN NSW AND ACT (NOVEMBER 2009)

Programs covered by the transition arrangements 2008-2010 schedule are marked with a 'TA'. Programs with one year approval with conditions are marked with an asterisk (*).
